PROFESSIONAL SUMMARY

Computer Science and Engineering graduate specializing in Cybersecurity with skills in Python, Java, SQL, Data Analytics, and Full Stack Development. Experienced in vulnerability assessment, web application security, and dashboard development through internships and academic projects. Seeking entry-level Software Engineer, Cybersecurity Analyst, or Data Analyst opportunities.

EDUCATION

Kalasalingam Academy of Research and Education
Computer Science and Engineering B. Tech
CGPA: 8.1

Madurai, India
September 2022 - May 2026

EXPERIENCE

BLUESTOCK FINTECH | Data Analyst Intern

Remote | May 2026 - July 2026

- Developed financial analytics modules using Python, SQLite, Streamlit, and FastAPI; implemented REST APIs for data access.
- Built ETL pipelines and data validation to ingest and clean financial data for 92 Nifty 100 companies; added unit tests and Pytest checks to ensure data quality.
- Created interactive dashboards using Streamlit and Plotly and automated financial report generation.

SKILLS

Programming Languages:	Python, Java, SQL, Javascript, HTML, CSS
Libraries/Frameworks:	FastAPI, Streamlit, Pandas, NumPy, Plotly, React.js, Node.js, Express.js, Pytest
Tools / Platforms:	VS Code, Git, GitHub, Postman, Jupyter Notebook
Databases:	MongoDB, SQLite, MySQL

PROJECTS

Nifty 100 Financial Intelligence Platform | Link

Python, FastAPI, Streamlit, SQLite, Pandas

- Developed a financial analytics platform for 92 Nifty 100 companies.
- Built dashboards, REST APIs, and financial reporting automation.

Mutual Fund Risk & Investor Analytics Platform | Link

Python, SQL, Pandas, Power BI

- Developed a mutual fund analytics platform using Python, SQL, and Power BI.
- Built dashboards for fund performance and investment insights.

Web Application Penetration Testing Framework | Link

Python, Flask, HTML, CSS, JavaScript

- Developed a web application penetration testing framework using Python and Flask.
- Automated SQL Injection, XSS, and CSRF vulnerability scanning.

CERTIFICATIONS

- Network Defence - Cisco Networking Academy
- Java - Infosys Springboard
- DBMS - CodeChef
- Python - Infosys Springboard
- DAA - CodeChef
- Digital Forensics - EC-Council
- SQL and Relational Databases 101 - IBM (Cognitive Class)
